Dear Mr. Bersson

I'm writing to thank you for all you've done to help my son Norman V [REDACTED], to get home early. Well as you know he got home on Nov 3, we had just 14 days to get her then he went into the hospital, for 3 days and on the 3rd day I lost him. We sure did not have much time together but I was glad he was home and I was at his bed side holding his hand when I lost him. He got Ammonia, from our running back and forth in this cold weather. God, he sure looked good and sure was happy to be home. If he didn't get that damn Ammonia, he'd still be here with me. I just wish to thank you for all you've done for my son & me. May God Bless you always

Sincerely,
Evelyn V [REDACTED]

P.S.

Norman, passed away Nov 19, 2000
